

Clinical Commissioning Group

Report to the Somerset Clinical Commissioning Group on 30 April 2015

Title: Finance Report 2014/15 1 April 2014 – 28 February 2015	Enclosure G
--	------------------------

Report Version Number / Status:	1
Name of Originator/Author:	Alison Henly, Interim Chief Finance Officer and Director of Performance and Acute Care Commissioning
Name of Responsible Committee/Individual:	Alison Henly, Interim Chief Finance Officer and Director of Performance and Acute Care Commissioning
Name of Clinical Lead:	N/A
Name of Individual(s) Presenting to Meeting:	Alison Henly, Interim Chief Finance Officer and Director of Performance and Acute Care Commissioning

Rationale / Executive Summary:	<p>This report sets out the overall financial position for the Somerset Clinical Commissioning Group for the period 1 April 2014 to 28 February 2015, and provides an analysis of the financial performance across the following areas:</p> <ul style="list-style-type: none"> • Financial Framework • Clinical Commissioning Group • QIPP • Summary Financial Position 			
Recommended Action to be Taken by Meeting:	To Discuss <input type="checkbox"/>	To Note <input checked="" type="checkbox"/>	To Endorse <input type="checkbox"/>	To Approve <input type="checkbox"/>
Purpose:	The Somerset CCG Governing Body is asked to note the financial position.			
Links CCG Priorities:	Core Values: <ol style="list-style-type: none"> (a) a collaborative approach (b) to be people, patient and carer centred (c) ensuring best value (d) open and transparent processes (e) supporting innovation (f) continuously improving quality 			

	<p>Priorities:</p> <p>(a) to use resources wisely – delivering the best possible value for service users</p>
<p>Links to the NHS Constitution:</p>	<ul style="list-style-type: none"> • you have the right to expect your local NHS to assess the health requirements of the local community and to commission and put in place the services to meet those needs as considered necessary • the NHS commits to make decisions in a clear and transparent way, so that patients and the public can understand how services are planned and delivered • the NHS commits to provide convenient, easy access to services within waiting times set out in the Handbook to the NHS Constitution • you have the right to drugs and treatments that have been recommended by NICE for use in the NHS, if your doctor says they are clinically appropriate for you • you have the right to receive the vaccinations that the Joint Committee on Vaccination and Immunisation recommends that you should receive under an NHS provided national immunisation programme • the NHS commits to provide programmes as recommended by the UK Screening Committee • the NHS commits to make the transition as smooth as possible when you are referred between services, and to include you in relevant discussions • you have the right to be treated with a professional standard of care, by appropriately qualified and experienced staff, in a properly approved or registered organisation that meets required levels of safety and quality • you have the right to expect NHS organisations to monitor, and make efforts to improve, the quality of healthcare they commission or provide • the NHS commits to ensure that services are provided in a clean and safe environment that is fit for purpose, based on national best practice • the NHS commits to continuous improvement in the quality of services you receive, identifying and sharing best practice in quality of care and treatments

	<ul style="list-style-type: none"> • you have the right to expect local decisions on funding of other drugs and treatments to be made rationally following proper consideration of the evidence. If the local NHS decides not to fund a drug or treatment you or your doctor feel would be right for you, they will explain that decision to you • you have the right to be treated with dignity and respect, in accordance with your human rights • you have the right to accept or refuse treatment that is offered to you, and not to be given any physical examination or treatment unless you have given valid consent. If you do not have the capacity to do so, consent must be obtained from a person legally able to act on your behalf, or the treatment must be in your best interests • you have the right to be given information about your proposed treatment in advance, including any significant risks and any alternative treatments which may be available, and the risks involved in doing nothing • you have the right to privacy and confidentiality and to expect the NHS to keep your confidential information safe and secure • the NHS commits to share with you any letters sent between clinicians about your care • you have the right to make choices about your NHS care and to information to support these choices. The options available to you will develop over time and depend on your individual needs • you have the right to be involved in discussions and decisions about your healthcare, and to be given information to enable you to do this
<p>Summary of Key Risks / Issues:</p>	<p>The Somerset Clinical Commissioning Group must ensure it delivers financial targets.</p>
<p>Financial / Resource Implications:</p>	<p>The Somerset Clinical Commissioning Group has a budget of £676,221,000 in 2014/15. The resource implications are included within the Finance Report.</p>
<p>Any Legal Implications or Links to Legislation:</p>	<p>Financial duties of Somerset Clinical Commissioning Group not to exceed its cash limit and comply with relevant accounting standards.</p>

Equality and Diversity Considerations:	<p>Equality and diversity are at the heart of Somerset Clinical Commissioning Group's work, giving due regard to eliminate discrimination, harassment and victimisation, to advance equality of opportunity, and to foster good relations between people who share a relevant protected characteristic (as cited in under the Equality Act 2010) and those who do not share it, in its functions including financial performance.</p>
Staff, Stakeholder, Clinical, Patient and Public Engagement History:	<p>No issues identified.</p>
Report History:	<p>The Somerset Clinical Commissioning Group receives a monthly report on the financial position.</p>
Next Steps:	<p>The Somerset Clinical Commissioning Group is asked to receive and note the financial position.</p>

1 FINANCIAL FRAMEWORK

- 1.1 This report sets out details of the financial framework and summarises the financial position of the Somerset Clinical Commissioning Group, outlining how revenue funding is allocated across the organisation, to deliver the organisation's key targets for 2014/15.

2014/15 Growth Allocation

- 1.2 The Somerset Clinical Commissioning Group received growth of 2.14% (£13,543,000) in 2014/15. Table 1 set's out the growth allocation available to the Somerset Clinical Commissioning Group in 2014/15.

Table 1: 2014/15 Growth Allocation

Description	£'000
Growth in recurrent allocations	13,543
Other sources of funds:	
Return of 2013/14 underspend	6,367
Total Growth Allocation	19,910

Financial Health

- 1.3 The Somerset Clinical Commissioning Group consistently achieved all its financial targets and delivered a surplus of £6,367,000 in 2013/14, in line with planning assumptions and national expectations.
- 1.4 The Somerset Clinical Commissioning Group plans to deliver a surplus of £7,475,000 in 2014/15 against the portfolio of services it commissions. This includes an additional £782,000 agreed to be delivered as the result of additional resource released from the Continuing Health Care risk pool managed by NHS England.

Financial Framework

Key Objectives

- 1.5 The Financial Framework for 2014/15 details operational plans for the delivery of goals set out in 'NHS Somerset Clinical Commissioning Group's Two Year Commissioning Plan 2014-16' and 'Five Year Strategy 2014-2019'.
- 1.6 The Financial Framework for 2014/15 is underpinned by the vision of the Somerset Clinical Commissioning Group, namely:

People in Somerset will be encouraged to stay healthy and well through a focus on:

- building support for people in our local communities and neighborhoods;
- supporting healthy lifestyle choices to be the easier choices;
- supporting people to self-care and be actively engaged in managing their condition

When people need to access care or support this will be through joined up health, social care and wellbeing services. The result will be a healthier population with access to high quality care that is affordable and sustainable.

- 1.7 The Somerset Clinical Commissioning Group clinical and management leaders have developed a set of commissioning principles that have underpinned the development of the five year strategy and two year commissioning plan.

Commissioning principles supporting this vision are set out below:

- we will drive a system approach to health, wellbeing and care that is about people and not organisations
- we will support people to be the best they can be through equitable and person-centred services
- we will create a system that ensures the right care is available at the right time for the patient
- we will continue to listen to what people want and respond to need
- we will commission coordinated and person centred care, which will be delivered through new partnerships
- we will commission high quality care that is clinically and cost effective and based on evidence
- we will commission for a sustainable future

- 1.8 The Somerset Clinical Commissioning Group have developed four strategic themes to support the vision and underpin the financial framework:

- Theme 1: Encouraging communities and individuals to take more control of and responsibility for their own health and wellbeing
- Theme 2: Developing joined up person centred care
- Theme 3: Transform the effectiveness and efficiency of urgent and acute care across all services
- Theme 4: Sustain and continually improve the quality of all services

- 1.9 Underpinning the four themes are six work programmes that are built from the workstreams that will deliver change. The six core work programmes are:

- Collaborative Working
- Community Services, including End of Life Care
- Emergency Care
- Acute Services
- Elective Care
- Improving quality and patient experience

Sources of Funds

1.10 Table 2 sets out the resource allocations for the Somerset Clinical Commissioning Group in 2014/15.

Table 2: Sources of Funds

Description	Amount £'000
Recurrent baseline brought forward from 2013/14	632,828
2014/15 growth funding	13,543
Sub total	646,371
Notified adjustments:	
• Running Cost allocation	13,169
• Return of 2013/14 underspend	6,367
• Resilience Funding (Tranche 1&2)	5,289
• Funding Adjustments with Area Team	(871)
• 2013/14 Quality Premium	1,240
Sub Total	25,194
Anticipated Adjustments:	
Funding Adjustments with Area Team	2,657
Capital Grants	1,799
Anticipated Capital Allocation:	
IT Infrastructure Capital	200
Sub Total	4,656
Total Sources	676,221

1.11 Within the sources of funds shown in Table 2, the following funding adjustments have been taken into account:

Notified Adjustments:

- The 2014/15 running costs allocation of £13,169,000, which has been published separately from the opening Somerset Clinical Commissioning Group funding baseline
- Adjustments to secure cost and income neutrality in respect of the transfer of specialised services
- The return of the underspend from 2013/14
- Funding allocation for GP IT totalling £1,393,000
- £1,995,000 relating to the allocation for referral to treatment targets
- A deduction in relation to the reallocation of funds for charge exempt overseas visitors and non-rechargeable services totalling £362,000
- Resilience funding allocation of £5,289,000 to fund robust plans for managing operational resilience through 2014/15
- Quality Premium Allocation of £1,240,000, earned through achievement of key measures and NHS Constitution Target Compliance during 2013/14

Anticipated Adjustments:

- Included in the above table is £2.3 million funding for capital charges from NHS England. Confirmation has been received that this additional allocation will be made available for month 12 reporting
- Also confirmed by NHS England for month 12 are the following capital funding allocations:

- Capital grant funding of £1,799,000 to Weston Hospice Care, St Margret's Somerset Hospice, Dorothy House Hospice and Somerset County Council for various capital investment schemes
- IT infrastructure capital funding of £200,000 made available to the Clinical Commissioning Group

Applications of Funds

1.12 Table 3 sets out the distribution of funding for the programmes managed by the Somerset Clinical Commissioning Group.

Table 3: Budget Framework

Programme	Annual Budget £'000
Secondary Care Commissioning:	
NHS Contracts	458,757
Independent and Private Sector	95,419
Total Secondary Care Commissioning	554,176
Prescribing:	
GP Prescribing	74,164
Other Prescribing	2,684
Total Prescribing	76,848
Other Programmes	12,600
Running Costs	13,169
2014/15 Development Programme	-
Managed Programmes	19,228
Capital Programme	200
TOTAL	676,221

Secondary Care Commissioning: NHS and Non NHS Contracts

1.13 Approximately 82% of the Clinical Commissioning Group's annual budget is spent on secondary care commissioning.

1.14 NHS contracts by provider for 2014/15 are set out below in Table 4. A further analysis of spend to 28 February 2015 is included in Appendix 1.

Table 4: Contract Values by Provider

Secondary Care Commissioning	Initial Programme £'000	Contract Variations £'000	Revised Value £'000	Year to Date (under) / overspend £'000
Foundation Trusts:				
Dorset County Hospital NHS Foundation Trust	2,406	(61)	2,345	(26)
Great Western Hospital NHS Foundation Trust	2,472	(2,041)	431	-
Royal Devon and Exeter NHS Foundation Trust	6,294	152	6,446	125
Royal National Hospital for Rheumatic Diseases NHS Foundation Trust	2,193	2	2,195	90
Royal United Hospitals Bath NHS Foundation Trust	22,043	455	22,498	969
Royal United Hospitals Bath NHS Foundation Trust – Maternity Contract	-	2,207	2,207	-
Salisbury NHS Foundation Trust	614	(26)	588	20
Somerset Partnership NHS Foundation Trust	119,190	10,643	129,833	-
South Western Ambulance Service NHS Foundation Trust	18,665	805	19,470	-
Taunton and Somerset NHS Foundation Trust	157,301	9,622	166,923	-
University Hospitals Bristol NHS Foundation Trust	7,538	(103)	7,435	(57)
Yeovil District Hospital NHS Foundation Trust	72,332	4,096	76,428	-
Sub Total	411,048	25,751	436,799	1,121
Other NHS Trusts:				
North Bristol NHS Trust	6,912	(111)	6,801	23
Northern Devon Healthcare NHS Trust	385	7	392	(8)
Sirona Care and Health	539	(34)	505	-
Weston Area Health NHS Trust (Includes NICE Drugs)	13,313	947	14,260	(90)
Sub Total	21,149	809	21,958	(75)
Total NHS Service Level Agreements	432,197	26,560	458,757	1,046

- 1.15 Frameworks are based on a roll-forward of 2013/14 contract out-turn adjusted to reflect commissioning responsibility changes, agreed developments, non-recurring adjustments actioned in 2013/14 and application of the national tariff.
- 1.16 The Somerset Clinical Commissioning Group worked with the Area Team during 2013/14 to finalise the scope and value of services falling under their remit. Final adjustments have been actioned by the Area Team and are reflected within this report.
- 1.17 Contract variations have been actioned to reflect:
- CQUIN funding of circa. £12 million allocated to contracts, based on providers achieving 100% performance against CQUIN targets and this will be monitored in year. Table 16 later in this report shows how this funding is allocated by provider organisation
 - A further £12 million allocated from headroom to fund agreed commitments in respect of change funds for providers to ensure stability across services whilst the Systems Transformation Group is looking at system wide changes to meet future financial challenges
 - Adjustments to reflect signed contract values, including a new provider for maternity services
 - Allocations from the prioritisation fund to fund schemes agreed during 2013/14
 - An allocation of £1,995,000 to support the delivery of additional elective activity to improve performance on RTT standards, clear backlog and reduce the number of long wait patients

1.18 Significant year to date variances are being reported against contract values with the following NHS Providers:

- Royal United Hospitals Bath NHS Foundation Trust
 - The provider is on plan for elective care with some variation between specialties however there are elective care areas that are causing the provider problems with capacity namely, ENT, cardiology and gastroenterology
 - There is over activity in critical care, non-elective admissions and high cost drugs and devices. The CCG is working with the RUH to better understand the drivers behind the over performance.
 - Revised projections are highlighting that the forecast year end over performance has reduced from £1.2 million projected in month 9 to £1.1 million based on month 11 information

- Royal Devon and Exeter NHS Foundation Trust
 - The Somerset contract position is now showing an over performance as at month 11 of £125,028. This is an improvement of £26k from the previous month position
 - This is mainly due to over performance against the wheelchair service contract, where the service provider is now achieving its 18 week performance and continuing to clear the number of patients waiting for a wheelchair

- Royal National Hospital for Rheumatic Diseases NHS Foundation Trust
 - The Provider is forecast to over-perform by approximately £100,000 for the year. This is mainly due to Anti-TNF and Methotrexate drug costs.

- North Bristol NHS Trust
 - The provider's reported position has improved significantly between month 10 and month 11
 - The most significant change has been within critical care, which has moved from a reported over-performance at month 10 of £37k to underperformance of £25k at month 11. This is due to no further critical care activity during the month
 - Under activity against plan is being reported in day-cases and this is to some extent due to disruptions caused by the Frenchay Hospital move earlier in the year
 - There is over performance in Urology Elective inpatients and in non-elective care which offsets the underperformance in day case activity

- Weston Area Health Trust
 - The provider's reported position has improved significantly between month 10 and month 11 with underperformance now being reported within planned care
 - An overspend continues to be reported in respect of NICE drugs

Secondary Care Services

Performance Expectations for Quality, Innovation, Productivity and Prevention

- 1.19 There is a broad range of national performance standards applicable to secondary care services. Many of these are targeted at improving access and choice and at ensuring that the services provided are of a high standard and quality. The Operational Framework (Everyone Counts: Planning for Patients for 2014/15) reinforces the need to maintain delivery of existing standards and to ensure that where further progress is required that it is achieved. In addition, there is a significantly increased focus on patient experience, clinical quality and improving patient outcomes. All providers of secondary care services are expected to meet all national targets and to make progress towards local targets.

Waiting Times

Admitted, Non Admitted and Incomplete Care Pathways

- 1.20 The Somerset Clinical Commissioning Group has commissioned providers to ensure that 90% of admitted and 95% of non-admitted patients complete their patient pathway from GP referral to treatment within 18 weeks at a specialty level and that no more than 8% of patients on an incomplete pathway wait longer than 18 weeks at a specialty level with a zero tolerance of any waits in excess of 52 weeks. During February 2015 on a commissioned basis the incomplete pathway operational standard was met. The admitted (75.69%) and non-admitted (93.57%) pathways were under-achieved.

Ambulance Response Times (Somerset Commissioner)

- 1.21 The ambulance response times of South Western Ambulance NHS Foundation Trust for emergency calls within 8 (59.82%) and 19 (89.45%) minutes during February 2015 were not met. Somerset is working with the Foundation Trust to improve delivery of these standards and this is further detailed in the Performance Report.

Ambulance Handovers

- 1.22 Ambulance handover performance between South Western Ambulance NHS Foundation Trust and Yeovil District Hospital has been sustained during 2014/15 whereas there have been performance issues at Taunton and Somerset NHS Foundation Trust, which are being monitored. Regular meetings are occurring between the providers and South Western Ambulance NHS Foundation Trust to resolve any issues.

Accident and Emergency

- 1.23 The Somerset Clinical Commissioning Group has commissioned providers to ensure that 95% of patients attending accident and

emergency departments are treated and either admitted or discharged within four hours of their arrival and are working with the foundation trusts to ensure that this standard is achieved.

Cancelled Operations

- 1.24 All patients who have operations cancelled, on or after the day of admission (including the day of surgery), for non-clinical reasons should be offered another binding date within 28 days of the cancellation and, in support of this, no patients should have an urgent operation cancelled for a second time.

Cancer Screening Programme

- 1.25 Somerset continues to make progress towards the implementation of the Cancer Reform Strategy. The emphasis is to diagnose cancer earlier by raising awareness, extending screening programmes and ensuring faster access to treatments.

Maternity Matters

- 1.26 There have been changes in the national Payment by Results tariff for maternity services. The Somerset Clinical Commissioning Group is supporting the implementation and delivery of 'Maternity Matters' by ensuring both Taunton and Somerset NHS Foundation Trust and Yeovil District Hospital NHS Foundation Trust are recompensed for the improved quality that is being commissioned from the service.

Mental Health and Community Services

- 1.27 The Somerset Clinical Commissioning Group will continue to support and challenge Somerset Partnership NHS Foundation Trust to identify and improve outcomes for patients and to meet key performance indicators relating to activity, financial performance and quality requirements. Working with the provider, commissioners will ensure that key deliverables are achieved and that the service impacts of the required cost improvement programme are identified and, wherever possible, mitigated by targeted service improvement initiatives.

Payment by Results for Mental Health

- 1.28 In 2014/15 the national Payment by Results system is being maintained to support local payment arrangements for mental health, providing an opportunity for providers and commissioners to make progress on quality reporting and development of local cluster prices. The requirement to report referrals and activity by cluster group and by GP federation area will enhance the intelligence available to commissioners and will inform the Somerset Clinical Commissioning Group's commissioning intentions for future years.

- 1.29 A summary of performance against baseline activity is included at Appendix 2.

Summary

- 1.30 A decreased year-end overspend position of £1,200,000 is now forecast against NHS contracts due to changes in the reported position at North Bristol NHS Trust, Weston Area Health NHS Trust and University Hospitals Bristol NHS Foundation Trust. This overspend relates in particular, to Royal Devon and Exeter NHS Foundation Trust and Royal United Hospitals Bath NHS Foundation Trust.

Non NHS Contracts

- 1.31 In addition to commissioning services from NHS providers, the Somerset Clinical Commissioning Group commissions a range of services from the independent and private sector. Contract values are set out in Table 5.

Table 5: Contract Values for Services from the Independent and Private Sector

Scheme/Provider	Initial Programme £'000	Contract Variations £'000	Revised Value £'000	Year to Date (under) / overspend £'000
British Pregnancy Advisory service	40	-	40	-
British Red Cross	406	(5)	401	-

Voluntary Car Services	865	-	865	-
Weston Hospice	132	27	159	-
TOTAL	96,829	(1,410)	95,419	2,170

- 1.32 A further analysis of spend to 28 February 2015 is included at Appendix 3.

Continuing Healthcare

- 1.33 Continuing healthcare budgets for 2014/15 have been based on a roll forward from 2013/14. This budget is projected to continue to overspend

with the forecast outturn projection remaining at £2.346 million. Funding has been held in the contingency reserve to cover this position, which relates to expected growth in numbers of packages and increasing length of care packages as we move through the winter. The CCG are experiencing approximately 10% growth in full CHC applications with fast track applications remaining static.

NHS Funded Nursing Care

- 1.34 NHS funded nursing care is care provided by a registered nurse, paid for by the NHS, for people who live in a care home. Patients are eligible for NHS funded nursing care if:
- you live in a care home registered to provide nursing care and
 - you do not qualify for NHS continuing healthcare but have been assessed as needing care from a registered nurse
- 1.35 Somerset County Council makes a payment directly to the care home to fund care from registered nurses who are usually employed by the care home, on behalf of the CCG.
- 1.36 The budget for 2014/15 is based on the previous financial year but has been increased by 1% to take into account the national increase announced by the Department of Health.

Non Contractual Activity

- 1.37 Non contractual activity relates to NHS funded services delivered by providers that do not have a written contract with the patient's responsible commissioner (but where the provider holds a written contract with another commissioner). This principally applies to emergency treatments provided by a hospital that the responsible commissioner would not normally contract with, but can also apply for elective activity and where the patient has exercised choice.
- 1.38 The non-contractual activity budget for 2014/15 has been based on a roll forward from 2013/14. Due to the nature of this activity, there is high volatility in this area.

Partnership Agreements

- 1.39 Included within the non NHS contracts are three pooled budget agreements (joint funding) which have been agreed under Section 75 of the National Health Service Act 2006.
- 1.40 These arrangements are based on a formal partnership agreement which sets out the services covered by the pooled budget, the aims and outcomes of pooling financial resources, the funds to be contributed by each partner and the percentage of risk share. The three schemes are detailed in Table 6.

Table 6: Partnership Agreements with the Local Authority

Scheme	Somerset Clinical Commissioning Group Contribution £'000
Integrated Community Equipment Service	1,040
Learning Disabilities Services	15,723
Carers Services	203
Total	16,966

Integrated Community Equipment Service

- 1.41 The Somerset Integrated Community Equipment Service (ICES) is a partnership of organisations that include Somerset County Council and the Somerset Clinical Commissioning Group. The ICES Partnership seeks to create and sustain an Integrated Community Equipment Service for Somerset residents which is fully capable of meeting demand and that delivers the goals of all ICES partners.
- 1.42 Launched in 2001, jointly commissioned and funded arrangements for the delivery of a countywide ICES service are well established. The principal aim of the service is to provide simple aids to daily living and nursing equipment to:
- enable people to live as independently as possible in their own homes
 - prevent avoidable hospital admissions
 - ensure a speedy discharge from hospital following an inpatient stay
- 1.43 The ICES pooled budget is projecting an underspend of £81,000 at month 11. The Clinical Commissioning Group's share of this underspend is 50%.

Learning Disability Service

- 1.44 The Somerset Clinical Commissioning Group funds services within this partnership arrangement to meet the health needs of people with a learning disability. Somerset County Council acts as both commissioner and provider for the service and sub-commissions Somerset Partnership NHS Foundation Trust, from pooled health and social care funds, to manage the health needs of adults with learning disabilities. The Somerset Clinical Commissioning Group is responsible for ensuring that funds dedicated to the health needs of people with learning disabilities are used as effectively and efficiently as possible.
- 1.45 At the end of 2013/14, significant pressures caused an overspend on the LD pooled budget of £3.7 million. In 2014/15 Somerset County Council have presented a projected overspend at month 11 of £5.8 million, which is £500,000 lower than the month 10 projection. This reduction is primarily related to supported housing expenditure within the independent sector, and more analysis is being completed to understand this movement. The projected overspend is broken down by £2.8 million on the purchasing budget and £1.2 million against the LD provider service,

both due to higher demand than planned based on historical trends and higher acuity of patients, resulting in more intensive packages of care being required to support individuals. In addition there is a shortfall of £1.8 million against the savings programme planned as part of the budget setting process for 2014/15. The Clinical Commissioning Group's share of this projected overspend equates to 25% (£1,450,000). It has been agreed that this will be funded non-recurrently from section 256 funding in 2014/15, and the recurrent impact of this has been taken into account as part of the discussions on the 2015/16 budget increase.

Carers Services

- 1.46 A pooled budget arrangement is in place between Somerset Clinical Commissioning Group and Somerset County Council to provide funding for the 'Somerset Offer to Carers' service hosted by Compass. This service provides emotional and personal support which is directed at adult carers. The county wide service model is based around the nine GP Federation areas in Somerset and works closely with existing GP practice based carers champions, social work teams and community organisations. In addition to this service, the carer's services hosted by Somerset Partnership NHS Foundation Trust offers a service to Adult Carers of people with mental health issues and a separate service to young carers. The carers' service hosted by Somerset County Council also offers a service to Young Carer's from within Children's Services.

The Better Care Fund

- 1.47 Launched through the Spending Round in June 2013 and highlighted as a key element of public service reform, the Better Care Fund has a primary aim to 'drive closer integration and improve outcomes for patients and service users and carers'. The fund will be set up as a pooled budget from 1 April 2015.
- 1.48 NHS Somerset and Somerset County Council have developed and signed up to a Better Care Fund (BCF) plan which has involved the development of a number of schemes to achieve the performance outcomes expected from the BCF, namely a 3.5% reduction in Emergency Admissions to hospital.
- 1.49 The Area Team has requested each Clinical Commissioning Group to review the current performance outcomes within the plan to ensure that any target is realistic and achievable moving forward. This review is being undertaken as part of the 2015/16 planning round.
- 1.50 There are a number of National Conditions that this funding must achieve namely, protecting social care services, 7 day services to support discharge, data sharing and joint assessment and accountable lead professional for high risk populations.
- 1.51 Table 7 details the Source of Funds to be put into the BCF pooled budget, as well as the schemes and funding allocated to achieve the expected outcomes.

Table 7: Summary of the 2015/16 Better Care Fund

Source of Funds	£'000	Application of Funds	Budget £'000
NHS Somerset CCG	35,067	Reablement and ILTs	16,404
Somerset County Council	4,171	Person Centric Care	17,831
District Councils	2,105	Local FOPAS	3,612
		Housing Support to Enable Independence	2,105
		Capital Funding	1,391
Total	41,343	Total	41,343

- 1.52 The NHS Somerset Clinical Commissioning Group source of funds (£35m) includes the existing £11.4m, currently allocated to Somerset County Council under a Section 256 agreement via NHS England. The remaining source of funds £23.6m is current funding allocated to existing contracts in 2014/15, therefore already committed against services and not available for redevelopment unless savings are generated.

Shepton Mallet NHS Treatment Centre

- 1.53 Shepton Mallet NHS Treatment Centre is run by Care UK, and specialises in providing NHS patients with swift access to elective and diagnostic procedures such as ear, nose and throat procedures, dental extraction, endoscopy, general surgery, gynaecology, joint replacements, minor orthopedic surgery, ophthalmology and urology.
- 1.54 The 2014/15 budget for Shepton Mallet NHS Treatment Centre is based on 2013/14 forecast outturn.

Spells in the Independent Sector

- 1.55 Within the programme, funding is also set aside for the commissioning of activity from the independent sector to support the operation of patient choice. The Somerset CCG has agreed a range of procedures covered under the Department of Health's Any Qualified Provider programme.
- 1.56 The 2014/15 budget for spells in the independent sector is based on 2013/14 forecast outturn. Activity with independent sector providers continues to grow and is expected to increase further, with an over-performance of £1.5 million against planned activity now anticipated at the year end. A large proportion of the pressure is relating to an increase in demand within Elective Trauma and Orthopaedics at Nuffield Taunton and Circle Bath.

Summary

- 1.57 The net position for services commissioned from the independent and private sector is a forecast over spend of £2,371,000 after adjusting for an underspend against other commissioning funds.

- 1.58 The total over spend across secondary care is £3,571,000. This position is funded from slippage against the Primary Care Collaboration and headroom funding. As noted, the Continuing Healthcare overspend is funded from a planned underspend held within the Clinical Commissioning Group contingency reserve.

Prescribing

- 1.59 Funding totaling £76,848,000 is set aside to support prescribing in 2014/15. This is shown in table 8 below:

Table 8: 2014/15 Prescribing Budgets

	Initial Programme	Budget Adjustment	Revised Value	Year-end (under) / overspend
	£'000	£'000	£'000	£'000
GP Prescribing	74,261	(97)	74,164	1,320
Other Prescribing	3,256	(572)	2,684	(800)
Total Prescribing	77,517	(669)	76,848	520

- 1.60 A further analysis of spend to 28 February 2015 is included in Appendix 4

GP Prescribing

- 1.61 Prescribing budgets for 2014/15 have been set taking into account growth in 2014/15 offset by opportunities to deliver Quality, Innovation, Productivity and Prevention savings.
- 1.62 Further funding of £500,000 has been released to reflect the final settlement agreed for 2014/15 for GP prescribing budgets.
- 1.63 Funding of £597,000 has also been released from prescribing budgets in order to support the implementation of new dressings supply routes being managed by Somerset Partnership NHS Foundation Trust.
- 1.64 As part of establishing the Clinical Commissioning Group's baseline funding position, £1,573,000 has been removed to support the cost of prescribing relating to public health services, which have transferred to the Local Authority. This will be recovered from Somerset County Council through a recharge for the cost of the drugs prescribed.
- 1.65 The Business Services Authority has released a forecast based on data to January that indicates a projected overspend of £1,700,000. This represents a £130,000 decrease in the projected overspend shown in last month's report. It does not look as though the position will recover any further, as previously assumed. Therefore increasing the GP Prescribing position by £170,000 in comparison with last month.
- 1.66 The position includes the impact of the Community Pharmacy funding settlement in 2014/15 linked to category M price increases.

1.67 Projected variances relating to other GP Prescribing expenditure such as dressings, central drugs and income from rebates are currently expected to underspend by £380,000.

Other Prescribing

1.68 In addition to GP prescribing, funding has been set aside to support the following programmes:

- prescribing contingency
- contribution to the national allocation adjustment for unknown prescriptions
- home oxygen

1.69 A budget reduction of £200,000 has been actioned to reflect the budget settlement agreed for 2014/15 including an assumption on receiving prescribing rebates. In addition a budget adjustment of £65,000 was moved to enhanced services for compression bandages (leg ulcers) and a further £307,000 transferred to Somerset Partnership NHS Foundation Trust for dressings.

1.70 A projected underspend in respect of the Home Oxygen Service is forecast relating to current year under-usage and the prior year refunds of £350,000, alongside an underspend of £450,000 on other prescribing.

1.71 Overall, a year-end overspend of £520,000 is forecast against prescribing.

Other Programmes

1.72 Within Table 9, resources totaling £12,600,000 are identified to support other programmes. Other programmes comprise a range of important priority areas for the Somerset CCG but which do not fall within the scope of secondary healthcare services. Table 9 below sets out details of other programmes.

Table 9: Other Programmes

Programme	£'000
Out-of-Hours	5,439
111 Service	1,367
Enhanced Services	4,194
Clinical Innovation Fund	207
GP IT	1,393
Total	12,600

Out of Hours

1.73 The Somerset Clinical Commissioning Group is responsible for ensuring that appropriate out-of-hours service arrangements are in place for the population of Somerset. The Somerset Clinical Commissioning Group has agreed a contract with South Western Ambulance Service NHS

Foundation Trust for the provision of this service for 2014/15 and has a re-procurement of the out-of-hours services with effect from 1 July 2015.

111 Service

- 1.74 NHS 111 is a national specified but locally commissioned service. Somerset Clinical Commissioning Group is responsible for commissioning NHS 111 for the population of Somerset. The Somerset Clinical Commissioning Group has agreed a contract with South Western Ambulance Service NHS Foundation Trust for 2014/15. Somerset Clinical Commissioning Group has a re-procurement of the NHS 111 services with effect from 1 July 2015.

Enhanced Services

- 1.75 Clinical Commissioning Groups are free to commission a wide range of community based services funded from their overall funding allocation. With the exception of any local improvement schemes commissioned on behalf of NHS England and proposed transitional arrangements for current local enhanced services, Clinical Commissioning Groups will commission these services through the NHS standard contract. This can include services delivered by GP practices, provided they go beyond the services provided under the GP contract. Table 10 sets out the approved Enhanced Services Programmes for 2014/15

Table 10: Enhanced Services

Scheme	Annual Budget £'000
Enhanced Services:	
NES:	
Anti-Coagulation	1,376
Immediate Care and First Response	19
Minor Injuries	77
Near Patient Testing	299
Local Enhanced Services:

LES PBC Scheme:	
Complex Care	89
Urgent Care Pilot - YDH	293
Optometry Enhanced Service:	
Acute Community Eye Care Service	360
Low Vision Scheme	60
CQUIN	89
Total	4,194

1.76 £460,000 has been transferred from the Clinical Innovation Fund to support complex care.

1.77 A balanced year-end position is anticipated against these schemes.

Clinical Innovation Fund

1.78 An important element of the Clinical Commissioning Group's allocation is working with GP practices through the Clinical Innovation Fund, which enables primary care clinicians to lead the development of new local services.

1.79 Funding of £1,100,000 was earmarked to support this programme in 2014/15. The programme of schemes funded through the Clinical Innovation Fund is summarised in Table 11 below.

Table 11: Clinical Innovation Fund

Scheme	Initial Programme 2014/15 £'000	Budget Adjustment £'000	Revised Budget £'000
Complex Care	460	(460)	-
Mendip ESD	250	(250)	-
Assessment Beds Frome	102	(102)	-
Diabetes Pack	5	-	5
Diabetes LES	10	(10)	-
Gold standard Framework	28	3	31
Urgent Care Pilot	94	(94)	-
D Dimer in Primary Care	7	(7)	-
Compression to Prevent DVT	20	(20)	-
Electrical Stimulation Service	9	34	43
Spirometry	12	(12)	-
Health and Wellbeing Workers	82	(82)	-
Mendip	-	-	-
Discharge Liaison Nurses RUH	62	(62)	-
Health Weight	39	(39)	-
Weight loss	21	(21)	-
Mendip Patient Support Group	54	(54)	-
Coordinator	-	-	-
Ambulatory Care	-	109	109
Balance	(155)	174	19
Total	1,100	(893)	207

1.80 The funding of £460,000 relating to the complex care scheme has been moved to the enhanced services budget, in line with the commitment. Other funds totaling £433,000 have been released to budgets, leaving a balance of £207,000 within the fund.

1.81 A balanced year-end position is anticipated against these schemes.

GP IT

1.82 In addition to the Clinical Commissioning Group's running cost allocation, Somerset Clinical Commissioning Group has received £1,393,000 revenue funding from NHS England, in line with Securing Excellence in GP IT Services; Operating Model, 2nd Edition (2014-16). This will enable Somerset Clinical Commissioning Group to deliver the requirements to its 75 member general practices, including funding of core clinical system maintenance and IT support, in line with General Practice System of Choice Framework (GPSoc). The allocation also enables local delivery of national initiatives, with project management and training support for implementation of Summary Care Records and Electronic Prescription Service. Operational support and delivery is achieved with this funding via Service Level Agreements with South West CSU.

1.83 Overall a year-end break-even position is forecast against the other programmes.

Running Cost Programmes

- 1.84 Within Table 12, £13,169,000, equating to £24.73 per head of weighted population, is identified to support the headquarters and central functions of the Somerset Clinical Commissioning Group. To support their effective running, the Somerset Clinical Commissioning Group has reviewed those functions which it will provide in house and those which it will commission from South West CSU.
- 1.85 Table 12 sets out the Running Cost Programmes for the Somerset Clinical Commissioning Group, which is now in the format of the new Clinical Commissioning Group structure. A further analysis of spend is shown in Appendix 5.

Table 12: Running Cost Programmes

Running Cost Programmes	Whole Time Equivalent Establishment	Whole Time Equivalent Actual	Annual Budget £'000	Movement in Budget £'000	Revised Annual Budget £'000	Year-to-Date (under) / overspend £'000
Governing Body	2.7	2.3	862	-	862	(1)
Senior Leadership Team	5.7	4.6	883	-	883	-
Executive Office	3.0	3.0	122	-	122	-
Directorate of Finance and Performance and Acute Commissioning	18.1	16.1	1,091	380	1,471	(1)
Directorate of Clinical and Collaborative Commissioning	30.0	33.5	2,291	(137)	2,154	(1)

CSU Costs	-	-	5,244	(27)	5,217	-
Procurement	-	-	259	(259)	-	-
Reserve	1.0	-	-	66	66	-
Total Running Cost Programme	89.1	85.7	13,169	-	13,169	(4)

- 1.86 All costs in Table 12 are stated at 2014/15 pay and prices.
- 1.87 A year-end break-even is forecast against the running cost programme.

2014/15 Development Programme

- 1.88 As part of the 2014/15 Local Delivery Plan the Somerset Clinical Commissioning Group has developed a recurring development programme totalling £13,543,000.
- 1.89 The programme is summarised in Table 13.

Table 13: 2014/15 Development Programme

Scheme	Initial Programme £'000	Issued to Programme £'000	Revised Programme £'000
CHC	3,000	(3,000)	-
Prescribing	3,000	(3,000)	-
Bridgwater Community Hospital	2,000	(2,000)	-
Out of Hospital Services	1,500	(1,500)	-
Out of County Services	2,000	(2,000)	-
Demand Management Services	2,043	(2,043)	-
	13,543	(13,543)	-

1.90 This funding has been fully allocated to programme budgets

Managed Programmes

1.91 Managed programmes comprise a series of specific allocations of funding pending their transfer to budgets during the year. An analysis of the managed programmes is set out in Table 14.

Table 14: Managed Programmes

Scheme	Programme £'000	Issued £'000	Balance £'000
Contingency	3,346	(1,000)	2,346
Headroom funding	16,163	(13,373)	2,790
Continuing Healthcare Risk Pool	-	949	949
Surplus	6,693	782	7,475
Commissioning for Quality and Innovation (CQUIN)	12,175	(11,796)	379
Resilience Funding	5,289	-	5,289
RTT Funding	1,995	(1,995)	-
Total	45,661	(26,433)	19,228

1.92 Managed programmes, and the development programme, comprise an important element of the Somerset Clinical Commissioning Group's risk management strategy. Funds are held centrally and are only released to individual programmes once the programme has been agreed and expenditure commitments identified. This provides flexibility to manage any in year pressures or volatility, and requires robust financial control by budget managers.

Contingency

1.93 'Everyone Counts: Planning for Patients 2014/15 to 2018/19' outlines the national requirement for Clinical Commissioning Group's to hold a contingency of at least 0.5% to mitigate risks within the local health community. Funding of £3,346,000 has been set aside as a contingency to manage in-year pressures. £1,000,000 of this contingency has now been released to secondary care budgets, with the remaining funding set aside to fund the projected Continuing Health Care overspend.

Headroom Funding – Non Recurring for Clinical Groups

- 1.94 In 2014/15 Clinical Commissioning Groups are required to set aside 2.5% of funding for non-recurring expenditure, including a 1.0% call to action fund. In subsequent years Clinical Commissioning Groups are only required to hold a 1.0% fund. This recognises the need to accelerate efficiencies in 2014/15 both to prepare for the challenges in 2015/16 and create a fund for sustainable change.
- 1.95 Against the funding earmarked for the headroom fund, a number of applications have been developed and funding has been allocated to the programmes in respect of:
- funding to support the delivery of transformational change
 - funding to support the pump priming of quality, innovation, productivity and prevention schemes agenda
 - the development of a programme of service developments focusing on access standards

Continuing Healthcare Risk Pool

- 1.96 Funding of £2,512,000 was originally identified within managed programmes to cover the Clinical Commissioning Group's commitment to a national pooled risk share arrangement for retrospective funding claims.
- 1.97 This commitment has now been reduced to £949,000 based on forecast performance of the risk pool in 2014/15. £782,000, being 50% of the unutilised funds of £1,563,000, will be delivered as additional surplus in 2014/15, with the balance being available to offset the Clinical Commissioning Group's financial position.

£5 per head for Over 75 Care

- 1.98 Within the headroom allocation, the Somerset Clinical Commissioning Group has set aside £2,776,000 to support the transformation of care of patients aged 75 or older and reduce avoidable admissions by providing funding for federation plans to do so.
- 1.99 The Somerset Clinical Commissioning Group has developed, in consultation with the Somerset Local Medical Committee, a plan on how this funding will be utilised in 2014/15. A summary of the plan is shown in the table below. Due to the delayed commencement of a number of these schemes, slippage is anticipated against this funding in 2014/15. This slippage will support the forecast financial overspend position on secondary care commissioning and prescribing.

Table 15: Utilisation of £5 per Head Funding

Description	Amount £'000
Ambulatory Care service	200
Weekend Dressing Clinics	50
Community Phlebotomy Service	180
District Nurse Capacity	570
Out of Hours Service	250
Community Resources	600
Other Local Federation Priorities	926
Total	2,776

Surplus

- 1.100 Within the 2014/15 managed programmes, the Somerset Clinical Commissioning Group has an underspend of £7,475,000 earmarked, in line with its commitments agreed with NHS England, including the increase of £782,000 resulting from a reduced commitment to the Continuing Health Care risk pool.

Commissioning for Quality and Innovation (CQUIN)

- 1.101 Within the figures shown in Table 14 is £12 million representing 2.5% of the contract value to support CQUIN for 2014/15. This funding reflects the focus on promoting quality and ensures that quality improvements are considered as part of each financial discussion.
- 1.102 Providers can non recurrently earn the additional CQUIN money for meeting agreed quality standards through their local CQUIN scheme, once the gateways of existing national targets as a minimum has been achieved. The CQUIN goals must be stretching and focused and reflect local priorities.
- 1.103 The majority of this funding has now been released to contracts to support the agreed CQUIN schemes based on 100% achievement and this will be reviewed during the financial year. Funding of £11,796,000 has been allocated to specific providers and the table below indicates how CQUIN funding has been allocated to date.

Table 16: CQUIN Funding Issued to Budgets

Description	Amount £'000
Dorset County Hospital NHS Foundation Trust	60
Great Western Hospital NHS Foundation Trust	62
North Bristol NHS Trust	178
Northern Devon Healthcare NHS Trust	10
Royal Devon and Exeter NHS Foundation Trust	145
Royal National Hospital for Rheumatic Diseases NHS Foundation Trust	55
Royal United Hospitals Bath NHS Foundation Trust	559
Salisbury Healthcare NHS Foundation Trust	15
Somerset Partnership NHS Foundation Trust	2,932
South Western Ambulance Service NHS Trust	272
Taunton and Somerset NHS Foundation Trust	4,018
University Hospitals Bristol NHS Foundation Trust	205
Weston Area Health NHS Trust	333
Yeovil District Hospital NHS Foundation Trust	1,808
Shepton Mallet Treatment Centre	305
Other private sector / charitable providers	839
Total	11,796

- 1.104 Providers of acute ambulance, community, mental health and learning disability services on a national standard contract, were eligible to earn the full 2.5% of contract value subject to agreeing and achieving the agreed CQUIN goals.

Social Care Funding

- 1.105 In 2014/15 a further £200 million was made available from the NHS to support social care, in addition to the £859 million made available in 2013/14. From this allocation Somerset County Council will receive funding totaling £11,447,183. The funding must be used to support adult social care services, which also has a health benefit, although it is flexible for local areas to determine how this investment in social care is best used, and the outcomes expected from this investment.
- 1.106 This funding will be transferred directly from NHS England to Somerset County Council, now that spending plans and outcome measures have been agreed through the Joint Commissioning Board. This funding has been used to maintain service delivery of social care, support the rollout of the Reablement Programme, implementing 7 day services to support discharge and to assist the reconfiguration of the learning disability service.

Resilience Funding

- 1.107 Urgent care funding was allocated to Clinical Commissioning Groups on a fair-share basis to be distributed amongst local systems. Somerset Clinical Commissioning Group received a total of £5,289,000.

- 1.108 Monies have been made available upon successful assurance of our plans. These plans must build on the good work undertaken throughout the last year. In particular they must include the use of primary care, community and mental health services as well as social services to support patients with urgent care needs or to help avoid such urgent episodes altogether. The Clinical Commissioning Group has allocated the funding, in conjunction with stakeholders, and is monitoring the impact of this against the agreed outcomes for each scheme.

RTT Funding

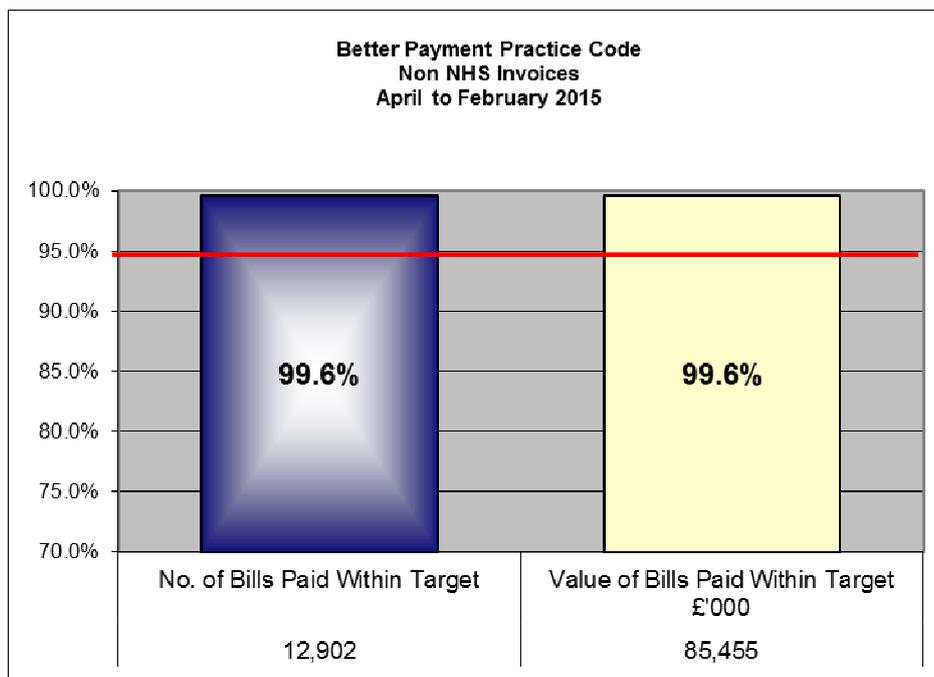

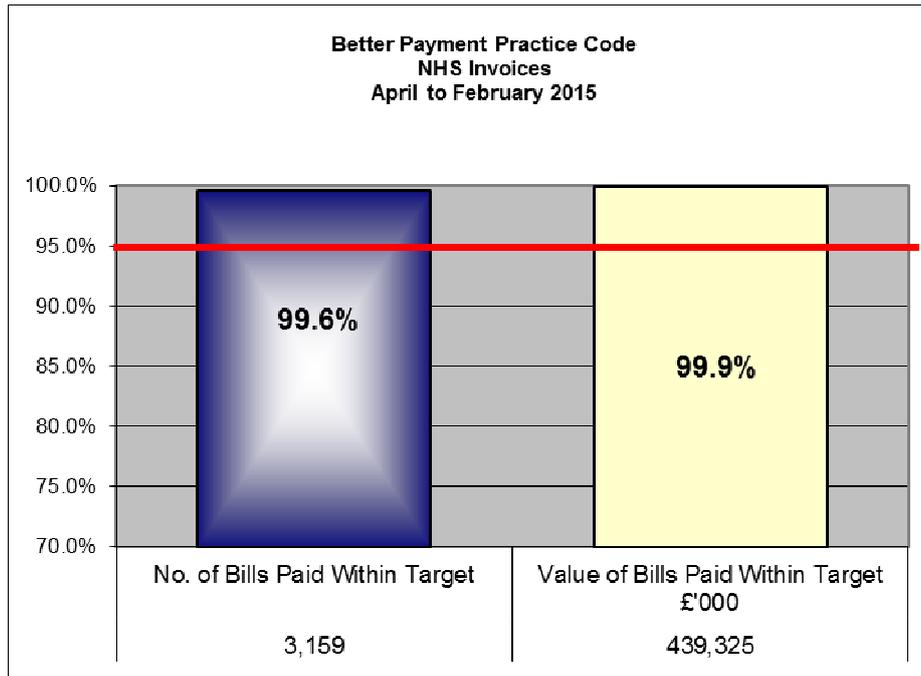

- 1.109 The Clinical Commissioning Group received an initial allocation of £1,995,000 to support the delivery of additional elective activity to improve performance on RTT standards, clear backlog and reduce the number of long wait patients and this has now been released to individual provider budgets.

Capital Grants

- 1.110 The Clinical Commissioning Group have requested capital grant funding of £1,799,000. This is broken down by £1,500,000 to support a joint programme between the Clinical Commissioning Group and Somerset County Council for improved learning disability residences and to develop a stand-alone learning disabilities provider, together with £299,000 in total to support grants to St Margaret's Hospice, Dorothy House and Weston Hospices. This funding is included as an anticipated allocation within sources of funds and is reflected within the relevant budget applications.

Better Payment Practice Code

- 1.111 NHS bodies are required to pay NHS and trade creditors in accordance with the Better Payment Practice Code. The target is to pay 95% of NHS and trade creditors within 30 days of receipt of goods or a valid invoice, whichever is the later, unless other payment terms have been agreed with the supplier. This will be monitored during 2014/15 to ensure compliance.

Performance against Cash Limit

- 1.112 The Somerset Clinical Commissioning Group has a statutory duty not to exceed its annual cash limit. This will be managed during 2014/15.
- 1.113 Appendix 6 shows more analysis of the cash flow for 2014/15.

Quality, Innovation, Productivity and Prevention

- 1.114 On 20 October 2010, the Government announced details of the spending review covering the four years 2011/12 to 2014/15. This reflected the Government's commitment to protecting the health budget.

- 1.115 The plan has been developed to ensure that real quality improvements are made in Somerset through a strong partnership approach, joint planning and decision making. Appendix 7 summarises details of QIPP savings for 2014/15.

SUMMARY

- 1.116 Table 17 sets out the forecast year end position as at 28 February 2015.

Table 17: Year End Position against Programmes

Programme	Year-end (under) / overspend £'000
Secondary Care Commissioning	3,571
Prescribing	520
Other Programmes	-
Running Costs	-
2014/15 Development Programme	-
Managed Programmes - Contingency	(2,346)
Managed Programmes – Headroom	(1,745)
Managed Programmes - Surplus	(7,475)
Total	(7,475)

- 1.117 A year end under spend of £7,475,000 will be achieved, in line with the CCG's financial plan for 2014/15.

Statement of Financial Position

- 1.118 Table 18 details the statement of financial position for the Somerset Clinical Commissioning Group as at 28 February 2015.

Table 18: Statement of Financial Position of the Clinical Commissioning Group as at 28 February 2015

	Opening Balance 1 April 2014 £'000	Closing Balance 28 February 2015 £'000	Movement £'000

Total Taxpayers' Equity	(26,005)	(27,450)	(1,445)

Note: The movement in receivables and payables primarily relates to a change in treatment of the maternity pathway.

Capital

- 1.119 In addition to revenue funding, the Clinical Commissioning Group will receive a capital allocation to support the Clinical Commissioning Group's administration function. In February 2014 the Clinical Commissioning Group submitted a plan requesting a capital programme for 2014/15. The Clinical Commissioning Group has been notified that its capital allocation for 2014/15 is £200,000 to support capital corporate IT infrastructure.

APPENDIX 1
