

NHS Somerset is forecasting to achieve a balanced outturn position for the 2022/23 financial year.

As at month 8, NHS Somerset has an adverse year to date position of £0.9m. This relates to the year to date pressure forecasted at SFT for the cost of the extra bank holiday and GP Direct Access.

As at month 8, NHS Somerset has claimed a further £4.7m in additional Covid-19 funding, relating to M1-M5 vaccination programme (£2.2m) and testing (£2.8m).

The ICB is forecasting a breakeven position against allocated resource for 2022/23.

The favourable £7.2m position delivered at the end of the CCG at month 3 was carried forward into the Somerset ICB by an allocation adjustment.

At month 7, the ICB is forecasted to fully utilising the carried forward allocation from the CCG £7.2m.

Recorded under 'Covid Reimbursement' is the Additional Reimbursable Roles Scheme funding forecasted to be claimed from NHSE above ICB's baseline allocation.

The table compares the risks and mitigations schedule included within the 20th June planning submission, with a latest draft assessment of risks and mitigations at month 8. The change column details the change in risks and mitigations for month 8 in comparison to Oct-22. The current format does not include any risks or mitigations from the local authority.

Agency Spend 2022/23

The system cap has been set at £22,724k, based upon 20th June plan submission. The system spent £31,859k in 2021/22, so the cap represents a 29% reduction

YTD agency spend at month 8 is £26,998k, an overspend of £13,594k against plan.

Current 2022/23 FOT for agency spend is £39,649k, an overspend of £16,925k against plan/agency cap.

2022/23 Agency Spend	Cumulative YTD Total	2022/23	Change in FOT since M7
