

## Glasgow Antipsychotic Side-effect Scale (GASS)

**Name:** \_\_\_\_\_ **Age:** \_\_\_\_\_ **Sex: M / F**

**Please list current medication and total daily doses below:**

---

---

---

This questionnaire is about how you have been recently. It is being used to determine if you are suffering from excessive side effects from your antipsychotic medication.

Please place a tick in the column which best indicates the degree to which you have experienced the following side effects.

Also tick the end or last box if you found that the side effect was distressing for you.

© Waddell & Taylor, 2007

| <i>Over the past <u>week</u>:</i>                             | <i>Never</i> | <i>Once</i> | <i>A few times</i> | <i>Every day</i> | <i>Tick this box if distressing</i> |
|---|--------------|-------------|--------------------|------------------|-------------------------------------|
| 1. I felt sleepy during the day                               |              |             |                    |                  |                                     |
| 2. I felt drugged or like a zombie                            |              |             |                    |                  |                                     |
| 3. I felt dizzy when I stood up and/or have fainted           |              |             |                    |                  |                                     |
| 4. I have felt my heart beating irregularly or unusually fast |              |             |                    |                  |                                     |
| 5. My muscles have been tense or jerky                        |              |             |                    |                  |                                     |
| 6. My hands or arms have been shaky                           |              |             |                    |                  |                                     |
| 7. My legs have felt restless and/or I couldn't sit still     |              |             |                    |                  |                                     |
| 8. I have been drooling                                       |              |             |                    |                  |                                     |
| 9. My movements or walking have been slower than usual        |              |             |                    |                  |                                     |
| 10. I have had uncontrollable movements of my face or body    |              |             |                    |                  |                                     |
| 11. My vision has been blurry                                 |              |             |                    |                  |                                     |
| 12. My mouth has been dry                                     |              |             |                    |                  |                                     |
| 13. I have had difficulty passing urine                       |              |             |                    |                  |                                     |
| 14. I have felt like I am going to be sick or have vomited    |              |             |                    |                  |                                     |
| 15. I have wet the bed  |              |             |                    |                  |                                     |
| 16. I have been very thirsty and/or passing urine frequently  |              |             |                    |                  |                                     |
| 17. The areas around my nipples have been sore and swollen    |              |             |                    |                  |                                     |
| 18. I have noticed fluid coming from my nipples               |              |             |                    |                  |                                     |
| 19. I have had problems enjoying sex                          |              |             |                    |                  |                                     |
| 20. <b>Men only:</b> I have had problems getting an erection  |              |             |                    |                  |                                     |

| <i>Tick yes or no for the <u>last three months</u></i>       | <i>No</i> | <i>Yes</i> | <i>Tick this box if distressing</i> |
|--|-----------|------------|-------------------------------------|
| 21. <b>Women only:</b> I have noticed a change in my periods |           |            |                                     |
| 22. <b>Men and women:</b> I have been gaining weight         |           |            |                                     |

## Staff Information

1. Allow the patient to fill in the questionnaire themselves. All questions relate to the previous week.

2. Scoring

For questions 1-20 award 1 point for the answer "once", 2 points for the answer "a few times" and 3 points for the answer "everyday".

Please note zero points are awarded for an answer of "never".

For questions 21 and 22 award 3 points for a "yes" answer and 0 points for a "no".

Total for all questions=

3. For male and female patients a score of: 0-21 absent/mild side effects  
22-42 moderate side effects  
43-63 severe side effects

4. Side effects covered include: 1-2 sedation and CNS side effects  
3-4 cardiovascular side effects  
5-10 extra pyramidal side effects  
11-13 anticholinergic side effects  
14 gastro-intestinal side effects  
15 genitourinary side effects  
16 screening question for diabetes mellitus  
17-21 prolactinaemic side effects  
22 weight gain

The column relating to the distress experienced with a particular side effect is not scored, but is intended to inform the clinician of the service user's views and condition.
