

Measles: keeping staff informed

Please inform a member of staff immediately on arrival if you or your child have measles or are suffering from cold-like symptoms, such as:

- high temperature
- runny or blocked nose
- sneezing
- a cough
- red, sore, watery eyes

A rash usually appears a few days after the cold-like symptoms.

Please also tell us if you have been in contact with someone with measles in the last 21 days.

For more information on signs and symptoms of measles visit:
